New Business

- Get all website updates to Monica Leaming and she will pass them on the Charlie Brandon, our NMMEA webmaster
- Dave thought there should be some discussion about the changing of this year's Fall Meeting in order for many NW Directors to attend Dr. Tim's seminar. Moving the meeting caused confusion for many of us.
 - In case of another need for changing the district meeting date, the District President will contact the Executive Committee and together they will decide on what is best for the membership.
 - M/ S/ C
- Paul Magnuson informed us that the "Brooks/Isham Performing Arts Theatre" is now open in Kirtland. The theatre is named in part after our own, Janet Isham and will be dedicated in November. Congratulations was given to Janet.
- Paul Montanari announced that our NW Jazz Festival will be held on April 7, 2006 at San Juan College. The date is correct on our NW Events Calendar online.
- Mark Allen said that the Marine Band wants to come to our area. Everyone asked about the date and location. He didn't know but offered to be the contact for the event.

Broke into section meetings at 3:40 pm

Respectfully Submitted:
Monica Leaming
