

Important divisi information for All-State Bands:

- If you received a part with divisi, be prepared to play both the top and bottom divisi. The sectional/chair placement clinician will assign your divisi part.
- If there is only one part and players are assigned to play first and second parts (i.e. bassoon, oboe, alto sax), the 2nd player will play the bottom divisi.
- Students should be prepared to audition for all solos if they desire to play the solo.

Special considerations are indicated below:

Concert Band--Resonances 1 is a unique piece. Flutes are all playing from a piccolo part. The assigned piccolo player will definitely play piccolo. Other students can bring a piccolo to All-State (optional) and may be assigned to play as well. There are several independent clarinet parts. Clarinets will play the part given to them in their music folder.

Symphonic Band-- Please refer to the website for the movements that will be performed. Students only need to prepare those movements.
